

Leading the Way

To better fulfill our commitment to compassion and distinction in healthcare services, Lodi Health physicians and staff are consistently working to improve clinical quality and patient outcomes. In recent years, those efforts have been rewarded with recognition from national healthcare performance organizations.

Acute Rehab Stands Out for Overall Performance

The Lodi Memorial Hospital Acute Rehabilitation Unit was awarded the Uniform Data System for Medical Rehabilitation 2016 Top Performer Award for outstanding program performance.

ICU Awarded Bronze-Level Beacon Award

The American Association of Critical Care Nurses (AACN) awarded a bronze-level Beacon Award for Excellence to the Lodi Memorial Hospital Intensive Care Unit (ICU). The Beacon Award for Excellence recognizes unit caregivers who successfully improve patient outcomes and align practices with the organization's six healthy work environment standards.

'Top Performer on Key Quality Measures' Recognition from the Joint Commission

On Nov. 19, 2015, Lodi Memorial Hospital was proud to be recognized as a 2014 Top Performer on Key Quality Measures® by The Joint Commission, the leading accreditor of healthcare organizations in the United States. Lodi Memorial Hospital was the only hospital in San Joaquin County to be recognized as part of The Joint Commission's 2015 annual report "America's Hospitals: Improving Quality and Safety," for attaining and sustaining excellence in accountability measures performance for surgical care, heart attacks, heart failure, pneumonia and perinatal care.

Leading the Way in Breastfeeding Rates

Lodi Memorial Hospital Maternal/Child Services was named the highest performing hospital in the county and recognized for having the highest rate of exclusive breastfeeding by new mothers of any hospital in San Joaquin County by the UC Davis Human Lactation Center and the California WIC Association.

Our Mission:
**Living
God's Love**
by inspiring
health,
wholeness
and hope

General Services Guide

About Us

Since its opening in 1952, Lodi Memorial has offered a nonprofit health system to the community based on compassionate, quality care. In 2015, Lodi Memorial affiliated with Adventist Health, a faith-based, nonprofit integrated health system serving more than 75 communities on the West Coast. Our commitment is to serve our patients and to meet their needs by providing excellent care, health education and support services in a compassionate and cost effective manner.

Our history, rich with support from our community,

compels us to give back. We deliver our mission of healing beyond our hospital doors through our free Walter E. Reiss Outreach Clinic, Camp Hutchins, partnerships within the community and through other programs designed to create a greater impact on the collective health of the community we serve.

We provide our patients the warmth and comfort of a community hospital combined with the strength of a substantial network. In addition to our main campus, we offer more than 20 outpatient locations in Lodi, Stockton, Galt, Sacramento and Lone.

The Lodi Team

Our medical staff, employees and volunteers are all dedicated to the health and wellness of our community. We provide the quality care you need, with the compassion and personal attention you want from the first day of your life and every day thereafter.

Whether delivering the best clinical care, providing education for patients or adhering to the highest quality standards, Lodi Memorial's experts strive to give patients the care they expect and deserve.

Service to Our Community

Lodi Memorial offers a broad range of comprehensive services, including a wide array of specialty medicine. Our care is provided by multidisciplinary teams carefully selected for their experience and areas of expertise.
